

# Quick Start Campus-Wide License for Faculty, Staff, and Students

## Overview

This guide describes how to install and activate a Campus-Wide License. The Campus-Wide License provides access to all faculty, staff, and students on university-owned computers. Faculty, staff, and students are also able to install MathWorks software on their personally-owned computers.

## Download Product Installer

1. Go to the portal provided by your university. Under the Get MATLAB and Simulink section, select Sign in to get started.
2. Sign into the MathWorks Account that is linked to your university license.
3. Click download for the current release.
4. Choose a supported platform and then download the installer.

## Install MathWorks Products

1. Run the **installer**.
2. In the installer, select **Sign in with a MathWorks Account** and follow the instructions in the installer.
3. When prompted, select the **Academic – Total Headcount** license labeled **MATLAB (Individual)**.
4. In the Product Selection screen, select the products you want to download and then click **Begin Install**.
5. When the installation is completed, click **Finish**. You may now begin using MATLAB. If you are new to MATLAB, learn the basics with [Getting Started with MATLAB](#).
